Assumptions

Social Magnet

1. When posting on friend's wall, a user cannot tag someone who is not friends with his friend. A and B are friends, B and C are friends, but A and C are not friends. When B writes to A's wall and attempts to tag C, it won't work.
2. A user can delete gift post, but when it is deleted, the gift will disappear along with it.
3. A person who is receiving a gift can delete the gift post, but not the sender.

Farm

1. One can only harvest crops that are fully grown
2. One can only clear crops when the plot is wilted
3. One can only steal when the crops are fully grown
4. One can only steal up to 5% from a friend, in order of their plot IDs
